

When was the last time your Community Action evaluated your Unemployment Insurance costs?

How We Help

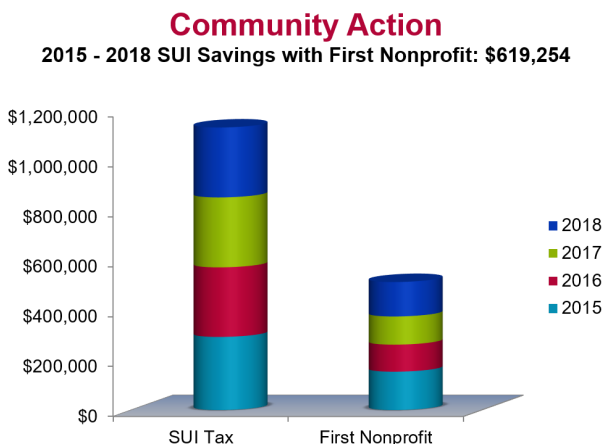

First Nonprofit provides state compliant, individually insured, cost-saving options to satisfy SUI (State Unemployment Insurance) requirements for 501(c)3 nonprofits, tribal and government entities.

Our programs eliminate the *SUI Tax shared cost pooling to ensure your organization only pays for its own claims and not anyone else's. The chart below illustrates savings of one of our members - a savings of 55% over what they would have paid in SUI tax since 2015! ** Already reimbursing (self-insured)? No problem! Our programs will minimize the risk associated with being a self-insured employer, provide a fixed annual cost and remove the uncertainty of your exposure.*

Who We Serve

Over 2,000 organizations across the county, representing all sectors of the nonprofit community, rely on us to maintain and manage their unemployment needs.
